

MD Sujon Islam

MERN STACK DEVELOPER

sujoninfo.me@gmail.com | 01318140686

CAREER SUMMARY

Hello! My name is MD Sujon Islam and I enjoy creating things that live on the internet. Experienced MERN stack developer with a solid background in building scalable and responsive web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with a strong focus on delivering modular and maintainable code. Skilled in implementing RESTful APIs, integrating third-party services, and ensuring high performance and security standards. Proven ability to collaborate effectively in cross-functional teams, analyze user feedback, and iterate solutions to optimize user experience. Seeking to leverage technical expertise and creative problem-solving skills to contribute to innovative software projects.

Also I like science related subjects. Such as Math, Physics, Chemistry. Math is my favorite subject. I like creative thinking and problem solving. So I hope I will be able to do this job.
